A

Abstracts,
literature, 295
of 2001 ASHT Annual Meeting proceedings, 286
Agenda, for research, 3
Allieu Y, MacKinnon SE (eds.), *Nerve Compression Syndromes of the Upper Limb* [book review], 379
American Association for Hand Surgery (AAHS),
Clinician Teacher of the Year Award, 265
2002 Hand Therapy Paper Award, 233
Amputees, upper-extremity, patient satisfaction of, 62
Arthroplasty, metacarpophalangeal joint,
for rheumatoid arthritis [proc. abstract], 290
splinting protocol for, 41
ASHT,
cost of ASHT membership [editorial], 1
history of [editorial], 211, 213
16th Nathalie Barr Lecture (Georgiann F. Laseter), 381
25th anniversary of [editorial], 213
2001 Presidential Address (Lauren B. Rivet), 283
2001 Annual Meeting, proceedings abstracts of, 286
2002 Annual Meeting, program, 303
Australia, work-related injuries in hand therapists in, 234
Australian Hand Therapy Association, 31

B

Baltimore Therapeutic Equipment Primus grip tool [proc. abstract], 291
Bar cloth splints [practice forum], 202
Bilateral testing, simultaneous, for noncompliance detection, 242
Bioconcepts Upper Extremity Measurement Chart [proc. abstract], 292
Blind patient, Krukenberg kineplasty in, 260
Book reviews, 87, 298, 379
Boxer's knuckle [lit. abstract], 296
Brand, Paul, as 1960 Lasker Award recipient, 97
BTE grip tool. *See* **Baltimore Therapeutic Equipment Primus grip tool**
Byl-Cheney-Boczai Sensory Discrimination Test, 315

C

Carpal tunnel release, endoscopic *vs.* open [proc. abstract], 287
Carpal tunnel syndrome,
in hand therapists, 234
return-to-work outcomes in, 251
splinting treatment for,
range-of-motion constraints of, 226
range-of-motion positioning in [proc. abstract], 288
vascular factors in, 22
worker's compensation for, 251
Certification, of hand therapists, 91, 215
Children, grip strength, pinch strength, and hand size in, 340
ClikStrips, for static progressive splinting [practice forum], 205
Clinical pearls [Nathalie Barr lecture], 381
Clinical practice,
evidence-based,
process of [research for the clinician], 377
qualitative approaches in [proc. abstract], 293
in splinting, 136
responsibility for splinting [editorial], 313
Coefficient of variation, and sincerity of effort, in grip strength testing [letter], 301
Compass proximal interphalangeal joint hinge, 266
Complex regional pain syndrome, hair follicle anatomy in [proc. abstract], 290
Compliance. *See also* Noncompliance
with postoperative rehabilitation programs, 16
therapists' and patients' perceptions of, 31
Concannon MJ, Hurov J, *Hand Pearls* [book review], 300
Connolly KJ, (ed.), *The Psychobiology of the Hand* [book review], 87
Contractures,
Dupuyren's, effect of mechanical stress on, 331
flexion, corrective splinting of, 185
Cruciate four-strand flexor tendon repair [proc. abstract], 286

D

DASH questionnaire, Dutch language version of, 347
Decision algorithm, for splint design, 192
Decision hierarchy, for splinting of stiff joints, 158
Demographic factors, in patient compliance, 31
Dental hygienists, work-related musculoskeletal disorders in, 363
***Disabilities of the Arm, Shoulder and Hand* . See** DASH questionnaire
Disability. *See also* Worker's compensation
distal radius fracture-related [proc. abstract], 289
Distal radius fractures, pain and disability associated with [proc. abstract], 289

E

Elastic materials, use resistive exercise [proc. abstract], 287
Elbow, electromyographic activity in, during prolonged extension [proc. abstract], 292
Electromyography, of stiff and normal elbows, during prolonged extension [proc. abstract], 292

Endoscopy, use in carpal tunnel release [proc. abstract], 287
Epicondylitis, lateral, forearm support band treatment for, 179
Ergonomic risks, of dental hygienists, 363
Evidence-based practice,
process of [research for the clinician], 377
qualitative approaches in [proc abstract], 293
in splinting, 136
Exercises,
patients' compliance with, 31
for postoperative flexor tendon rehabilitation, 16
resistive, performed with elastic materials [proc. abstract], 287
Extensor carpi radialis brevis tendon, effect of forearm support band on, 179
Extensor carpi ulnaris tendon, subluxation of, postoperative rehabilitation of [proc. abstract], 286
Extensor hood, traumatic dissection of [lit. abstract], 296

F

Fasciectomy, for Dupuytren's contracture, 331
Fatigue, hand volumeter-based prediction of [proc. abstract], 293
Fibula bone graft, free vascularized, 274
Fingers, range-of-motion positioning, in carpal tunnel syndrome [proc. abstract], 288
Fingertips, texture discrimination testing of, 71
Flexor tendon,
digitorum superficialis, transfer of [practice forum], 282
repair of,
with four-strand cruciate technique [proc. abstract], 286
rehabilitation programs after, 16
in zone II, 16
Forearm,
support band for, 179
Volume Provocation Test of, in carpal tunnel syndrome, 22
Fractures,
distal humerus, type C, functional outcome of [proc. abstract], 291
distal radius, pain and disability associated with [proc. abstract], 289
Freeland AE, *Hand Fractures: Repair, Reconstruction and Rehabilitation* [book review], 298
Functional abilities, of upper-extremity prostheses wearers, 62
Functional outcome,
of metacarpophalangeal joint arthroplasty, in rheumatoid arthroplasty [proc. abstract], 290
of type C distal humerus fractures [proc. abstract], 291

G

Galindo-Lim Thumb metacarpophalangeal joint stabilization splint [practice forum], 83
Girth, of arm, measurable differences in [proc. abstract], 292
Grafts, free vascularized fibula, 274
Grip strength, testing of
coefficient of variation and sincerity of effort in [letter], 301
feigned weakness in, 242
in preschool children, 340
Grip tools, Baltimore Therapeutic Equipment Primus [proc. abstract], 291

H

Hair follicle anatomy, in reflex sympathetic dystrophy [proc. abstract], 290
Hand,
size of, in preschool children, 340
stereognosis testing of, 315
Hand injuries, plaster of Paris splints for, 144
Hand rehabilitation centers, history of, 97
Hand therapists,
certification of, 91, 215
participation in research, 3
perception of patients' compliance, 31
rapid exchange grip test administration by, 53, 289
work-related injuries in, 234
Hand Therapy Certification Commission, practice analysis by, 215
Hand Therapy Certification Examination, 2001 passing candidates, 91
Hand Therapy Paper Award, 2002 AAHS Meeting, Cancun, Mexico, 233
Hand therapy practice,
effect of managed care on [proc. abstract], 294
survey of, 215
Hand volume, as pain, stress, and fatigue predictor [proc. abstract], 293
Hardy, Maureen, as first recipient of the Clinician Teacher of the Year Award, 265
Hentz VR, Chase RA, *Hand Surgery: A Clinical Atlas* [book review], 87
HMS. *See* Hypermobility syndrome
Home exercise programs, patients' compliance with, 31
Humerus,
distal fractures of, type C, functional outcome of [proc. abstract], 291
proximal bone graft reconstruction of, 274
Hypermobility syndrome, examination and treatment of [lit. abstract], 295

I

Impingement syndrome, outlet (Neer),diagnostic test for [lit. abstract], 297
Inelastic traction. *See* Splinting, static progressive
Injuries, of hand, plaster of Paris splints for, 144
Instructions for *JHT* authors, 93, 210
Internal rotation resistance strength test, for outlet (Neer) impingement syndrome diagnosis [lit. abstract], 297
IRRST. *See* Internal rotation resistance strength test
